MAMBAPAD

The IDO Platform

White Paper

CONTENTS

INTRODUCTION

"We would like to introduce ourselves loud and clear; we have experience, we have passion, we aim to be one of the best in this business by our services. We will be proceeding only forward in our project through various prospects.

In our whitepaper, we don't need 'what is coin', 'what is cryptocurrency' and that kind of explanations and lots of pages to make our project look more professional. We will be In this business by hardworking and beign community-friendly

MAMBAPAD is an IDO platform that aims to be the best by covering various community-friendly aspects that other IDO platforms were unable to completely achieve.
We will ask, discuss, listen each of our investors carefully. If you want to be part of an IDO project; then we will achieve it. If you want to see the best influencers to work with us; then we will announce partnership. Unlike the other project, our first priority will be the community. We give you promise on that.

MAMBAPAD is built on the Binance Smart Chain that has one of the fastest blockchain transaction times and lowest cost structures, which appeals to developers that want to build Defi apps using the protocol."

Mambapad Features

Auto - Reflection

%3 on buy and %6 on sell will be distributed as $BUSD token to the stakers in each transaction toreward them for their support and trust in this project. Mambapad is the unique launchpad platform with high auto-reflection rewards.

Staking

Mambapad Staking Pools are an ideal platform for $MAMP token holders to earn APR. The APR rate changes according to the profitability and volume of the transactions in the project. At first, %25 of the total supply is allocated for only staking feature. The total supply of the staking pool will be fixed by following with the first come first serve rule. Early investors will have a chance to get high APR staking. The platform is unique with double reward system. The $MAMP investors earnings will be boosted by the double reward system that includes both auto-reflection and staking.

Guaranteed Alocation

Stakers will have guaranteed spot for IDO's thanks to Mambapad Tier System. Investors easily could join IDO's with every separate tier pools. You don't have to be frightened about losing your rights to invest promising projects.

Mambapad Features

Community-Based Platform

Besides providing good income reward with the taxing system, our community play the biggest role in our success. The growth of the project depends on the team behind it, and our team rely on the great community of Mambapad.

We will talk, listen, vote and discuss the important decisions and actions with our community and investors. Our community will be playing a major role in our project. No dictation, every step would be taken according to the agreement of our community.

Secure Platform

Building trust and delivering security are key to our commitment to our investors. We all understand the importance of security and compliance in reaching goals. We are concerned about the security of our users' personal information.

We did a complete security assessment that included, among other things, external penetration testing, threat modeling, and risk control assessments. We will make the best deals with IDO partners to get a fair allocation for $MAMP investors.
